

Orvieto

One day excursion

The Cathedral of Santa Maria Assunta better known as the Dome of Orvieto is one of the greater artistic opera of the late middle age celebrated by artist and writers all over the world it will surprise you. Arriving from any direction you will be amazed by its intrepid and ascendant proportions. Built in many different centuries from XIII to XVII according to the tradition, in honor of a Eucharistic miracle, on 1263, along the Bolsena lake.

POZZO DI ST, PATRIZIO

St. Patrick Well

Made by Antonio da San Gallo the young in 1527 following the will of Pope Clemente VII to stock water in case of siege. It took ten years to realize what is nowadays considered an impressive opera. Around 160 ft deep and 50 ft wide with a unique double helicoidally stairway to avoid donkeys going up and down with load without get in each other way. 248 steps and 72 impressive windows that let the light playing with the different stone shades. You will delight taking pics of that and will be amazed about the echo of your voice bouncing on the walls. Once you reach the bottom of the well don't miss to trough a small coin inside to gain favor with luck.

Upon your lunch suggestion, how can you possibly miss a sip of wine and EVO garnished with local cheese and ham? Or tasting the black truffle? After all we are in Umbria which is the Country of Black Truffle, let your personal driver suggest you some options along the way according with your will or just send a request to us during the booking process and we will assist you in finding and or reserve the place that fit for you.
