

Squares and fountains of Rome

According with the location of your hotel, the sightseeing will start from "Piazza del Popolo" (People Square) The layout of the Piazza today was designed in neoclassical style between 1811 and 1822 by the architect Giuseppe Valadier. To the north of the Piazza stands ancient church of Santa Maria del Popolo in which it is possible to admire two wonderful masterpieces of Caravaggio.

The next stop will be in "Piazza Navona" (Navona Square) an ancient Roman Circus at the time of emperor Domiziano where the Romans came to watch horse-chariot races and time later it became the pride of Baroque Rome, the square has sculptural and architectural creations: by Bernini, Francesco Borromini and Girolamo Rainaldi. Not so far from there you will attend at another famous square, "Piazza della Rotonda", where Pantheon take place, a Roman temple of all gods constructed during Agrippa's reign its monumental porch faces the Piazza della Rotonda that connects to the Piazza della Minerva with the ancient temple of Minerva.
